INTENTION OF YOUTH SECTOR SURVEY

This survey was created for Regional YACWA to measure the need to:

- Better support the youth sector of the Midwest
- Take a needs-based approach to service delivery
- Design a meaningful strategic plan
- Support youth participation
- Build capacity of the youth sector
- Capture and elevate regional voices in our policy and advocacy work

Survey Results:

Workshops the youth sector were interested in

RESULTS ARE IN!

It is clear sector felt that youth participation was a key focus area. Involving young people in the planning and decision-making process, youth advocacy, involving young people in the community and on committees, and how to break down the barriers and involve young people in effective co-design.

Other Topics of Professional Development of Interest to the Youth Sector

- Alcohol and Other Drugs
- Mental Health and Wellbeing
- Youth Engagement
- Employment, Education and Training
- Leadership Development
- Culturally informed and appropriate ways of working
- Working with young people living with disabilities
- Program support and access to services
- Other youth health, wellbeing and life skills topics

So where to from here?

- Delivery of face-to-face and online Youth Participation workshops throughout the Midwest region in 2023
- Workshops will be advertised via MYSIM, YACWA e-news and YACWA Facebook

This report was only made possible by having the support from youth sector personnel throughout the Midwest region. Your contribution to this provides a positive step forward in supporting our young people and the youth sector of the Midwest, so thank you.
